

Remote Controlled Positioners

The Will-Burt RCP is a state-of-the-art remote controlled directional lighting system designed for mounting on all our telescoping light towers. The RCP integrates solid state circuitry to provide full rotation and tilt capability for the attached light fixtures. This allows the operator to conveniently point the lights in any direction to illuminate a rescue scene, fire ground or other work area.

Each of Will-Burt's Vertical Light Towers and Night Scan® products utilize the RCP positioner to provide outstanding lighting capability.

- ADJUSTABLE AUTOSTOW®, A ONE BUTTON COMMAND, AUTOMATICALLY RETRACTS THE SYSTEM AND RETURNS THE LIGHTING PACKAGE TO ITS PRESET STOWED POSITION, SO LIGHTS WILL ALWAYS BE IN PROPER POSITION AND WILL NOT BREAK WHEN STOWED. ALSO AUTOMATICALLY TURNS THE LIGHTS OFF FOR ADDED SAFETY.
- HEAVY DUTY ALUMINUM AND STAINLESS STEEL WEATHERPROOF CONSTRUCTION PROVIDE LONG LIFE FOR COMPONENTS EXPOSED TO WATER AND WEATHER.
- HAND-HELD PISTOL GRIP REMOTE CONTROL ON A 25'(7.6m) CORD (STANDARD ON NIGHT SCAN AND VERTICAL LIGHT TOWERS) CONTROL THE AIMING OF LIGHTS, UP/DOWN SWITCH AND AUTO STOW SWITCH, WHICH ALLOWS FOR QUICK AND ACCURATE POINTING OF LIGHTS AND RAISING OF LIGHT TOWER. PANEL MOUNT CONTROLLER IS STANDARD ON NIGHT SCAN CHIEF.
- FULL 360° OF LIGHTING COVERAGE PROVIDES FULL AND COMPLETE LIGHTING COVERAGE OF EMERGENCY OR WORK SCENE.

Pistol grip remote control

MODELS AVAILABLE ON NIGHT SCAN CHIEF AND VERTICAL LIGHT TOWERS:

RCP MODEL	LIGHT OUTPUT	LIGHTING FIXTURES USED
RCP24-2000	2000 Watts	4-500W/115VAC Quartz Halogen Light Fixtures
RCP24-3000	3000 Watts	4-750W/115VAC Havis Shields High Intensity Light Fixtures
RCP24-4000	4000 Watts	4-1000W/230VAC Quartz Halogen Light Fixtures
RCP24-6000	6000 Watts	4-1500W/230VAC Quartz Halogen Light Fixtures
RCP26-9000	9000 Watts	6-1500W/230VAC Quartz Halogen Light Fixtures
RCP22-2000MH*	2000 Watts	2-1000W/115VAC Metal Halide Light Fixtures

Each RCP package is available with a combination of spot and flood lights.

*AVAILABLE ON VERTICAL LIGHT TOWERS ONLY. SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE.
