About Us

Equipment Management Technology (EMT) is a veteran-owned, small business dedicated to supplying the highest quality electronic test equipment for rent, lease, or purchase. Ninety percent of our employees are military trained reservists or veterans. Proudly serving the aerospace industry since 1995, EMT is recognized among its clients and peers for product quality as well as timely delivery of high technology electronic test and measurement equipment.

Experience

EMT's dedicated senior management boasts more than 200 years of collective experience in rental, lease, and sales of electronic test equipment to Fortune 500 companies. All of this experience is focused on making the customer our number one priority. We are continuously improving the quality of our products and services in order to offer the highest value in return for our customer's business.

Facilities

EMT is an authorized rental partner for Anritsu, Tektronix, Rohde & Schwarz, and many others. As Agilent's "Small Business Partner," we have over \$500,000 worth of products available for same-day shipment. The same efficiency applies to our \$60 million rental inventory made up of over 4,000 instruments which are housed in our state-of-the-art distribution center. This center, along with EMT's headquarters, is located adjacent to McCarran Airport in Las Vegas, NV. This proximity to the major freight forwarders allows us to ship products anywhere in the US within hours after receipt of your order.

Products and Services

We stock equipment from all major manufacturers for our customers: Agilent, Anritsu, EIP Microwave, Fluke, IFI, Keithley, LeCroy, and Rohde & Schwarz to name a few. In addition, we stock a wide range of High Power TWTA, Solid State Amplifiers, and other hard to find items. If your business requires a product (new or used) not currently in our inventory we will quickly locate it for you. Products purchased from EMT are backed with a 90-day warranty as well as a 5-day right of refusal period. EMT offers a wide variety of full-service rental, lease, and purchase option programs. We also buy, refurbish, and remarket excess equipment; freeing up your working capital. Our prompt delivery and flexible terms are designed to optimize your test equipment budget.

Warranties:

- New products- 1-year manufacturer warranty
- Refurbished- 90-day warranty, and 5-day right of refusal period

Awards

Equipment Management Technology is proud to have received Northrop Grumman's Gold Award for Excellence in both 2006 and 2007. Northrop Grumman presents the Gold Award to only **71 out of 22,000** suppliers/distributors. Furthermore, EMT completed Northrop Grumman's Six Sigma Quality Certification. We hope you will give us the opportunity to serve your test equipment needs with the same fine products, services, and level of commitment.
